

"Love isn't about what we did yesterday; it's about what we do today and tomorrow and the day after."

- Grace Lee Boggs, Asian American revolutionary

Dear JYCA family,

As many of you know, there has been a surge in anti-Asian violence since the COVID-19 pandemic started. In response to the tragic murder of 6 Asian American women last night, as well as the murder of Pak Ho, an Asian elder in Oakland Chinatown earlier this month, we at JYCA have drafted a [solidarity statement linked here](#).

Please add your name to our solidarity letter and write a short statement of support that we will share with our Asian American partner organizations. We encourage Asian American members of our community, to share your support message in an Asian language if that feels moving and authentic to you.
